

## Ethyl Dichlorophenylacetate(DCPAE)

|                  |  |
|------------------|--|
| Nomenclature     | $\alpha,\alpha$ -Dichlorobenzene-acetic acid ethyl ester ,Ethyl 2,2-dichloro-2-phenylacetate |
| Formula          | $C_{10}H_{10}Cl_2O_2$  |
| CAS No           | 5317-66-8  |
| Molecular weight | 233.10 g/mol   |
| Appearance       | Clear, colourless to yellowish liquid.   |

### Specifications

|                |             |
|----------------|-------------|
| Assay (by G.C) | 96.00 % Min |
|----------------|-------------|

Uses: Catalyst activator used with olefin polymerization catalysts

### Other Information

Packing : HDPE drums, IBC or Iso tanks

Address: 23, 2nd Floor,Maruti Complex,Chhani Road,Vadodara -390002, Gujarat, India.
